

Defect ID	Defect Description	Steps to Reproduce	Priority	Severity
1	Search bar displays a raw server/security rejection error instead of a user-friendly message when special characters are entered	1. Launch www.ajio.com 2. Click on the Search bar 3. Enter special characters 4. Press Enter or click the search icon 5. Observe the page that loads	Medium	Minor
2	Applying a price filter with only Max value filled (Min left empty) incorrectly returns zero results, even though matching products exist within that range	1. Launch www.ajio.com 2. Search for "shirt" (multiple results are displayed) 3. Open the Price Range filter 4. Leave the Min field empty and enter Max = 1000 5. Click the Apply (arrow) icon 6. Observe the search results	High	Major
3	Total item count changes when switching between different Sort By options, even though sorting should only change the order of items, not the total count	1. Launch www.ajio.com 2. Search for a product (e.g., "shirt") 3. Note the "Items Found" count under "Sort By: Relevance" (default) 4. Change Sort By to "Price (lowest first)" and note the item count 5. Change Sort By to "Price (highest first)" and note the item count	High	Major
4	Multiple footer links under the "HELP" section (Track Your Order, Returns, Cancellations, Payments) redirect to the same generic FAQ page instead of their respective dedicated pages	1. Launch www.ajio.com 2. Scroll to the footer section 3. Click on "Track Your Order" link 4. Observe the page it navigates to 5. Go back and click on "Returns," "Cancellations," and "Payments" links one by one 6. Observe that all links lead	Medium	Major
